Copyright

It is the understanding and position of GPC LABWORKS that any photos, film or artwork submitted to us for photographic services is done so with the permission of the copyright owner. GPC LABWORKS assumes no liability for copyright infringement, and our customer agrees to indemnify GPC LABWORKS for all costs and expenses, including, but not limited to, lawyers fees or judgments resulting from any claim or lawsuits against GPC LABWORKS. The customer must submit a copyright indemnity form for material marked as being copyrighted or deemed copyrighted.

Prices

Prices in this booklet are designed as a guide only. Digital and analog imaging technologies provides us with the ability to offer many other services that are not listed in this price guide. If you have a need for a specific project and you are unable to find the exact pricing in this guide, please ask our sales associates for assistance. Rush service is on an as available basis.

Taxes

All prices listed exclude GST(5%) and PST(8%). Appropriate taxes will be added to your bill at checkout. PST exemption ONLY with current valid vendor's permit and completion of PST exemption form which we keep on file.

Liabilities

The staff at GPC LABWORKS takes great care when handling clients' original material; however, submitting any work, photographic or otherwise, constitutes an agreement by you that any damage or loss by our company, subsidiary or agents will only entitle you to a discount or reimbursement for the value of processing. Except for such reimbursement, the acceptance by our company, subsidiary or agents of the material is without warranty or liability, and recovery for any direct or consequential damage is excluded.

Warranties

The photo sensitive papers used to produce photographic imaging will change with time and exposure to the environment in which they are displayed or stored. These products, therefore, will not be warrantied against changes in colour or density. Liquids, including cleaners designed for inkjet and photographic materials, can cause damage. Use only at your own risk.

Shipping

Shipping is available and prices will vary depending on the size and weight of the item being shipped and the carrier selected. Shipping methods available: Post, Express Post, Canpar.

E&OE

FotoDesk - Prints from Digital Images

This unique online digital printing service offers very safe and reliable photo transfer capability.

Web-based image transfer. No longer uses downloaded / installed software.

Instead, the user clicks the appropriate photo transfer button and is redirected to the web-based Photo Transfer application.

This Photo Transfer Application only takes a few easy steps from start to finish.

No software to install, uses a non-resident secure and certified applet for the order process.

Images are selected from the user's computer in the same explorer window that is already familiar.
